EXPERIENCE

King's College London

Jun 2016 - Aug 2016

Intern - King's Undergraduate Research Fellowship

• I worked with Dr. Steffen Zschaler on a structured video annotation tool using Java and language engineering technologies. As a final product the tool is able to process the annotations to give an analysed content.

BlackRock London

April 2016

Spring Intern - Technology Division

• We, a group of 4 students, had to understand BlackRock's technology and to come up with a solution to improve their infrastructure. I took the responsibility of managing our project structure and research the software implications of our solution focusing on Machine Learning.

EDUCATION

King's College London

Sep 2015 - today

BSC Computer Science with Management

• President of Romanian Society
• Vice president of Robotics Society (worked on speech recognition of Kinba) See more: <https://youtu.be/4uN-GGqJS7g>

LEADERSHIP

Aspire Academy

Jul 2015

Photographer

• Being part of the organising team, I created the media content and I participated to their workshops. See more: <http://on.fb.me/1LwdgBy>

Students' Union

Nov 2013 - Nov 2014

Vice President

• I organised more than 15 events (concerts, workshops, debate competitions etc.) for a target group of 1536 students from my highschool.

YouthBank

Nov 2013 - Nov 2014

Designer

• Member of a 15 people team, we had to raise a fund of €1500 developing activities for youths. I made myself responsible for creating the media materials and advertising them. As a result, our local team raised significantly more money because of the reduce of advertising costs to zero.

ConQUIZtador RO

May 2009 - Jul 2009

Moderator

• I managed the database of the quiz game by verifying the answers provided to the questions using SQL queries.

INTERESTS

- Piano player
- Active as a racer in marathons and swimathons
- Run 2 local FlashMobs
- Founder of Humans Of Ploiesti
