Summary

I am currently an undergraduate student at the University of Houston, Bauer College of Business. I plan to graduate with a Bachelors in Business Administration in Management Information Systems by May 2018. As a student of Bauer, I strive to accomplish the most at school and in the workplace. To further that goal I am currently looking for internship in other countries to broaden my horizons in regards to cultural understanding and to acquire knowledge that is beneficial to my peers and I.

Organizations

ABSA (Asian Business Student Association)

September 2015 to Present

The Asian Business Student Association at the University of Houston is the premier professional student organization founded on the principles of professionalism and philanthropy. Our mission is to provide guidance to our members as they integrate themselves into the corporate world by exposing them to various industries and career opportunities. Our corporate sponsorships allow us to host various workshops and events that develop our members into strong candidates for internship and career opportunities. Although our main purpose is to help young Asian-Americans integrate themselves into America's corporate culture, we value diversity and welcome all ethnicities. We continually strive to foster an environment of networking and provide our members with a sense of camaraderie and community in the University of Houston.

MISSO (Management Information Systems Student Organization)

August 2015 to Present

The Management Information Systems Student Organization aims to put each member in the best position to succeed as students at the University of Houston.

We do this by providing an atmosphere of fellowship and scholarship in learning, while partnering with employers in mutually beneficial relationships to help jump-start careers.

MISSO believes in actualizing academic pursuits with real world professional development.

We've been working to create successful professionals since 1982 and work diligently everyday to continue this legacy of excellence by developing the future one student at a time.

Projects

General Business SAS sponsored Corporate Project

January 2016 to May 2016

Members: Benjamin Wong, Jazmin Macedo, Rammy Allouche, hassan ali, Madihah Haqqi, Danial Khan, Isbah Mehar, Syed Hyder

We began the project by researching SAS products and Schlumberger's business lines. Then we moved onto to eliminate products that didn't help refine Schlumberger's business during a downturn in oil. We presented our findings to our representative at their office in Houston.
