## LEADERSHIP

---

2014-2015

### **PRESIDENT** – Robotics Club

- + Under my presidency, our school's robotics team will participate in the First Tech Challenge competition for the first time in the history of our school
- + In addition to this, the robotics team built a hexacopter over the summer. The purpose of building the hexacopter was to both gain experience in the field of robotics, and to excite the members by building something they find cool

2014-2015

### **PRESIDENT** – Edison High School Science Society

- + The EHS Science Society introduced a chapter of the Science National Honors Society at EHS to honor the distinguished STEM scholars in Edison High School and aspire underclassmen to achieve the same recognition
- + Also, the EHS Science Society participates in national science competitions such as the Science Olympiad, Science League, and USABO

2014-2015

### **CO-PRESIDENT/CO-FOUNDER** – UNICEF Club

- + Throughout the year, UNICEF Club held various events to fundraise money to help in disasters such as the recent earthquakes in Nepal
- + Fundraised close to \$900 in a single night from our trick or treat for UNICEF event to provide necessities to children in third world nations

## EDUCATION

---

Summer 2015

### **MAKE SCHOOL SUMMER ACADEMY** – 501 W 20<sup>th</sup> Street, NY, NY 10011

- + I attended the Make School iOS development summer academy in New York City. Make school is a selective program that teaches students how to build apps for apple devices, such as the iPhone, iPad, etc. in addition to teaching how to create successful startups.

Spring 2016

### **WORLDWIDE DEVELOPER CONFERENCE** Apple Inc.

- + Apple chose me and 349 other students, out of over 4000 applicants, to be a WWDC scholar, and get the opportunity to attend their developer conference. During the conference, I learned about new Apple technologies from Apple engineers that creates these technologies, along with touring other companies such as Google, Yelp, etc. to see how these technologies are used on a larger scale.
