Operating Systems:

OS X | Windows | Linux

AWARDS:

Deans List: The University of Texas at Dallas, Fall 2015

5th Place: Novice Division of Houston HP CodeWars 2015

EXPERIENCE:

iOS App Developer:

Friendswood High School Marching Band (March 2013-March 2016)

Created and managed an iOS Application for the Friendswood High School Mighty Mustang Band. The application provided an easily updatable source for communication between the students and the directors, and a centralized database of links and other relevant information for parents and students.

FlightLearnings.com (Site no longer in existence)

Designed and developed an iOS application that instantly notified readers of new and exciting aviation topics and posts.

Java Developer:

Alexa Skill (December 2015-February 2016)

Designed and developed an Amazon Echo Skill that would allow users to find where they can stream, purchase or rent a movie through a variety of media services.
