

Anshum Gupta

Software Engineer - Search @ Apple, Apache Lucene/Solr committer

Summary

Apache Lucene/Solr committer and PMC member with experience in Search engine design and development. Spend all of my time working on distributed search a.k.a. SolrCloud.

A part of the search team at Apple, building and scaling SolrCloud to new levels.

Experience

Software Engineer - Search at Apple

May 2017 - Present

Apache Lucene PMC Member at The Apache Software Foundation

February 2015 - Present

A project management committee (PMC) is a committee of the Apache Software Foundation charged with responsibility for a top level project. The PMC is the vehicle through which decision making power and responsibility for oversight is devolved to developers.
