

Evan Cornish

student

egcornish@gmail.com

Summary

I was a piano teacher and musician for 3 years before embarking on a career in gambling professionally. As my gambling career started to wind down I've found a passion in technology and hope to work in artificial intelligence at some point.

Experience

Professional gambler at N/A - Currently Self Employed

March 2009 - July 2014 (5 years 5 months)

I played poker professionally as well as sports betting. I built many tools using excel and python including a model that solved a diluted version of the game Pot Limit Omaha

Piano Teacher at Self-Employed

January 2006 - March 2008 (2 years 3 months)

I taught piano lessons to kids ages 6-24.
