PROFILE

Gender: Male **Date of Birth:** 18th June 1992.

Languages known: English, Hindi, Telugu.

Permanent Address: H.No.: 6-107, Punadipadu Post, Kankipadu Mandal, Krishna District, Andhra Pradesh, INDIA 521151.

Experience: Worked as Software Developer for 3yrs at Oracle India Development Centre in the field of Server Technology.

Currently: Pursuing Master's in Computer Science at University of Florida

PROJECTS

Oracle India Pvt. Ltd.

[Jun 2013 – Jun 2016]

Project: *Generic Metrics API*

Created Generic Metrics API from scratch using Node.js, express and oracle-db. As the requirement was to have an API to store and retrieve metrics of Webcenter Content with Oracle Database backend. Node.js and express were used for routing purpose and oracle-db connector to connect to Oracle Database.

IBM Extreme Blue Internship

[May 2012]

Project: *Integrated Mobile Performance Viewer*

It is a Mobile based application (developed for any kind of MobileOS) which connects to Middleware Environments, fetch data and generate tabular and graphical maps also real-time monitoring of the Web Sphere App Server using Notification Alerts. Developed using Worklight which enables generating native apps for all the platforms, with JQuery UI frontend.

Others

[2011]

Project: *Opportunities to maximize self-care services in USSD platform*

We were successful in our aim to increase USSD usage by shifting usage over Voice, TATA DoCoMo has adopted two main proposals from our project, one being FB update using USSD. Also we've acquired knowledge in TATA Telecom Network and their communication framework.

Project: *Career development Program (CDP)*

[Jun 2011]

I was a core member in CSE Dept. in CDP conducted in GATE College, Kodad (A.P) in 2011 where we shared our specializations (JAVA) with students. We're called to increase the programming skills of students of a short staffed CS department.
