

Paul Vorobyev

Software Engineer Intern at Facebook, Computer Science Student at Rutgers University

Summary

Hi! My name is Paul and I love solving problems. I spend a lot of time thinking about mathematics, philosophy, engineering, and the role they play in computer science.

Technical Skills

- * Proficient: Java, Clojure, Python, JavaScript/ES6, Node.js, Linux, Git, Vim
- * Familiar: C, C++, Hack/PHP, Haskell

Email me at: paulvorobyev@gmail.com or paul.vorobyev@rutgers.edu

Experience

Software Engineer, Intern at Facebook

May 2017 - Present

Student System Programmer

January 2016 - Present

- Collaborated with team to build, maintain, and distribute RPM packages used by over 70,000 faculty and students
- Wrote and maintained scripts and software for automating system administration tasks for Linux production servers
- * Created and refactored web applications for university service apps using Python, Flask, MongoDB, and Jinja2

Software Engineer, Intern at Facebook

May 2016 - August 2016 (4 months)

- Created a testing environment on top of Facebook's existing architecture for Wit.ai's numerous Clojure backend services using Hack/PHP and Python
- Wrote a library in Hack/PHP that allows developers at Facebook to write their own chat bots and extend the M platform
- * Contributed several features and critical bug fixes to the Wit.ai and M platforms in Clojure, ES6, and React

Software Engineer, Intern at /Slash Keyboard

May 2015 - September 2015 (5 months)

- * Helped implement a top-k completion algorithm to create an autocorrect feature in C++
- * Wrote code to serialize a large heap-like data structure to maximize load and search efficiency
- Wrote and documented an internal library for generating images in Python

Education

Rutgers University

Bachelor of Arts (B.A.), Computer Science, Philosophy, 2015 - 2018

Activities and Societies: Secretary at USACS (Undergraduate Student Alliance of Computer Scientists)

Organizer/Mentor at HackRU

Marlboro High School

2011 - 2015

Honors and Awards

HudsonHack NY: Intern Edition - 1st Place, AP Scholar With Honor
