EXPERIENCE

Student Consultant

January 2016 – July 2016

Neudesic – Amerishore

IT consulting position, in an Agile processes environment.

Project – Stericycle, January 2016 – April 2016

Data analysis project focused on interpretation and migration of non-standardized data from multiple source systems into proprietary contact management / workflow control system.

- Achieved performance similar to in-house development teams within 3 months.
- Interpreted design documents and call scripts from varied source systems.
- Tracked per-account performance metrics using Microsoft Team Foundation Server.
- Performed per-account analysis of error rates and overall quality.
- Adapted to high volume of client-driven requirements and process changes.
- Received positive feedback from client regarding overall team performance.

Project – Nike, May 2016 – June 2016

SharePoint Migration project centered on determining what sites to migrate from SharePoint 2010 to SharePoint Online.

- Performed QA testing on SharePoint site lock to prevent new content from being added to migrated sites.
- Aided Senior Neudesic Consultant with trouble shooting errors within SharePoint site lock.
- Reviewed site lock XML code finding a total of one error.

Project – Amerishore Innovation Portal, April 2016 – July 2016

Used SharePoint 2013 to create a portal for Neudesic employees. Employees will be able to discuss ideas, build teams, and submit internal business proposals to be reviewed by upper management.

- Created and tracked User Stories on Team Foundation Server as team lead to monitor sprint progress.
- Used workflows and custom lists for reviewers to easily send feedback to teams all while in the portal.
- Automated processes using workflows with SharePoint Designer.

Facilitator

June 2015 – Present

Houston Escape Room

Physical adventure game where teams are locked in a room and must find clues to escape.

Lifeguard Instructor
