EDUCATION

UT Dallas, Richardson

Aug 2015 - Present

I am currently a sophomore in the UT Dallas computer science program. After my freshman year, I have a 3.8 GPA, and have taken forty-five credit hours of classes.

James Martin HS, Arlington

2010 - Aug 2015

During my four years at Martin I took four different levels of computer science developing applications for both Android devices and the Microsoft Kinect.

PAST CLASSES

Honors CS Independent Study

Year four of high school computer science I worked with multiple partners and wrote two android apps.

Computer Science II - CS 2336

Focusing mainly on Java, in Computer Science II we went further in depth into different core aspects of computer science.

CS 1200

Working in teams, CS 1200 introduced me to structured, group-based projects. Working mainly in Python and Java, I worked with a small team on multiple projects.

WORK EXPERIENCE

Arlington Computer care, Arlington — *Computer technician*

Nov 2014 - Aug 2015

In this position I gained skills in communication, hardware and software maintenance.

During my time at ACC, I worked with a large amount of people, and gained a lot of experience working with and communicating with others.
