Experience

Software Engineer at Google

2017 # 7 # - Present

Glad to be a Googler.

Software Engineer at Hulu

2016 # 5 # - 2017 # 7 # (1 # 3 ##)

Proud to be a software engineer in the Ad Platform team. The Ad Platform team maintains one of the largest video ad serving systems on the Internet around the world. Managing thousands of advertisers and over a billion video ads per month, we implement a workflow of an ad that starts with ad sales, passes through ad operations for trafficking, gets selected in realtime for display, and then gets tracked for invoicing. As the biggest video ad platform in the US, we have to create a lot of technology and a lot of approaches to maximize efficiency, performance, quality, and flexibility.
