

Wendi Du

Software Engineer

Summary

Strong technical skills. I'm proficient in programming languages such as Java and C# as well as HTML, CSS and PHP. Besides, my intern experiences and academic projects allow me to have in depth understanding of algorithms and data structures.

Passion to learn new knowledge during work. I'm always up to learning new knowledge. Though my main focus is Android developing, I also have projects in many different areas.

Experience

Software Engineer at Facebook

2017 # 2 # - Present

Software Engineer Internship at Facebook

2016 # 5 # - 2016 # 8 # (4 ##)

- Work on Pages Android team
- Use Java and PHP to build both client side and server side code.

Web Developer Intern

2015 # 7 # - 2015 # 12 # (6 ##)

- Build the company website using HTML, CSS and JavaScript. Use different animation effect to optimize user interface.
- Collect and process user interaction data using Google Analytics, improve user interface and experience of the website.
