---

## OBJECTIVE

To utilize my strong work ethic, hard-working nature, in the area of software engineering and provide my skills learned throughout my degree to a company which strives to support its employee's personal and professional growth.

## EDUCATION

**Stephen F. State University, Nacogdoches, Texas**  
**Bachelor of Science in Computer Science, May 2017**  
Current GPA of 3.9 on a 4.0 scale – President's List 2 semesters

## SKILLS

- Communication
- Strong Work Ethic
- Teamwork
- Problem Solving
- Organizational Skills
- Programming Experience – Node.js, JavaScript, Java, Visual Basic, HTML/CSS
- Writing – Produce reports.

## PROJECTS

- **Operating System** – A multiuser operating system that implements scheduling algorithms, and memory management techniques
- **Interpreter and Loader** – A machine language interpreter that reads “byte code” from a file, and executes according to the architectural design implemented
- **Bank Teller Simulation** – Implementation and analysis of a simulation of bank tellers with random customers, and random service times per customer

## EXPERIENCE

### Merchandiser

**January 2011-July 2015**

### Coca-Cola Refreshments, Nacogdoches, Texas

- Developed ways to efficiently organize and maintain store inventory, backrooms, racks, shelves, displays, and coolers
- Conceptualized ideas on how to best reach Consumers by suggesting the best selling locations, and building creative displays to attract attention
- Guided new merchandisers during their integration to the team by showing them the proper way to service their accounts, and how to easily keep track of important issues by using applications in the Coca-Cola provided cellphone
- Analyzed 5 grocery stores on a daily basis in search of ways to improve customer service, and communicated status concerns to Store and Company personnel
- Solved problems concerning over and underflow of inventory, and how to incorporate new products into the allotted space
- Coordinated with the Merchandising Team on how to best provide support during the busy holidays
