

KEVIN ORDONEZ

OBJECTIVE To gain valuable programming skills and experiences in a friendly yet competitive environment needed for a professional career later on.
To interact and establish connections with my fellow peers who also share the same interest as me.

- SKILLS & ABILITIES**
- **Flexible:** Willing and able to compromise and make changes accordingly based on the situation and learn from my mistakes and from those around me
 - **Team-Oriented:** Able to cooperate and work with those around me in a professional and respectful manner
 - **Microsoft Office:** Adept at using and managing Microsoft office applications
 - **Creatively-Inclined:** Prefer to think outside of the box and use my mind to think and then visualize ways to accomplish a given task

EXPERIENCE **FOUNDING MEMBER OF HIGH SCHOOL ENVIRONMENTAL CLUB**
September 2015-May 2016
As one of the first members in my school's environmental club (Humans for SV) I was responsible for spreading the word about the club and participating in some of our early events such as the one where we collaborated with the school administration to create a garden on one of the main walkways

NJROTC OFFICER

September 2012- May 2016
Was an officer in my schools NJROTC program where I led the program's academic team to 3rd place at the state competition my junior year as the Team commander whilst also volunteering at multiple events the organization was involved with like the Hill Country Challenge, an JROTC drill meet that we hosted, where I manned the academic station in charge of monitoring and administering the academic tests to other schools

EDUCATION **SMITHSON VALLEY HIGH SCHOOL- CLASS OF 2016- HIGH SCHOOL DIPLOMA**
Took almost-all pre-AP or AP courses throughout my high school career and passed more than half of the AP exams with a 3 or better for college credit such as English Lit and Comp, AB Calculus, Environmental Science, etc..... Ended as ranked 29 out of the 584 in my graduating class.
