## Projects

### **lightpress** — *PHP Static Site Generator*

A static site generator built in php. Built to allow for easy integration of CMS style backend for non-technical users.

## Skills

HTML/CSS Javascript/React PHP Laravel MySQL C++

## Experience

### **Decode Digital**, Houston, TX — *Full-Stack Web Developer*

February 2016 - PRESENT

- As the sole web developer I plan/build/test all projects and web products.
- Have to produce accurate timelines and expectations for the billing of projects to clients.
- Have built projects on everything from CMS (WordPress, Influence Health, etc.) to a from scratch ReactJS single page app on top of Laravel framework.
- Handle all server management.
- Have to be able to effectively manage time due to constant client interruptions/issues common in the agency environment.

### **T-Mobile US**, Houston, TX — *Sales Representative*

May 2014 - PRESENT

- Responsible for educating customers and solving issues to ensure a positive customer experience.
- Requires expert product/technology knowledge and problem solving.

### **Vail Resorts**, Beaver Creek, CO — *Assistant Manager*

August 2013 - April 2014

- Managed 20 employees and the front of house operations for an on-mountain restaurant.
- Responsible for all money handling, customer experience issues, and inventory/ordering of equipment and consumables.

### **Halliburton**, Houston, TX — *Business Development Intern*

May 2009 - August 2009 and May 2010 - August 2010

- Improved well-planning by converting various raw reservoir data into a consolidated topographical map.
- Organized a conference, coordinating presenters, content, venue, and logistics, to showcase Halliburton technology.

## Education

### **University of Houston, Houston, TX — *Computer Science***

August 2015 - PRESENT

### **Texas A&M University, College Station, TX — *Industrial Engineering***

August 2008 - May 2011
