

# Abhishek Potnis

Software Engineer at Microsoft

---

## Summary

Currently I am working at Microsoft as a Software Engineer with Natural Language Experience (Microsoft Office). I have a Masters degree in Computer Science from University of Florida ( GPA 3.67 ) and a Bachelor's degree in Computer Engineering ( GPA 3.67 again. Like to keep things constant ;- ) ) from University of Mumbai. I have also interned at Microsoft in the summer of 2015. Being an avid coder I have actively participated in coding contests, Hackathons etc. and won a few of them. Interested in new and upcoming technologies.

---

## Experience
